RIGGINS AMBULANCE

FIRE FIGHTER LICENSE PLATE GRANT RECEIVED = \$2,570

Both the Fire Department and Ambulance will benefit from these grant funds received from the Idaho Fire Chief's Association. As part of the station upgrade, these funds will cover the cost of two TV System Kits, and Apple TV attachments for connection to the internet and our computers. One TV will be placed in the classroom for education of our crews and the general public when we host public training events. The second TV will be placed in the station bay and will be directly connected to our Dispatch System to display current call information including a response map. This TV will aid in a safe response for our volunteers and the general public.

NEW TOOL ALERT!!

WELCOME the ZOLL AUTOPULSE

The City of Riggins Ambulance was awarded a grant to purchase the AutoPulse. The AutoPulse is an easy to use, battery powered device that provides high-quality automated CPR to victims in cardiac arrest. Wow! This is amazing for our citizens and crew. This device allows our EMTs to work on other life saving interventions without needing to constantly focus on high quality chest compressions. This is a win for our Canyon!
